APPROVAL OF MINUTES

The minutes of the January Meeting were reviewed and approved by the board.

REVIEW FINANCIAL REPORT

The financial reports were reviewed and discussed.

ENGINEERS REPORT:

NONE

MANAGERS REPORT

It was pointed out that the old dump truck the airport has is in need of a new battery. After discussion it was decided that as long as the truck is not needed for clearing snow that the replacement of the battery would wait until the truck was needed.

OLD BUSINESS

Larry Gruber proved information concerning the closure of the underground storage tank. The application for the closure of the tank was submitted however Larry was contacted for the dates when the tank was acquired and when it was put in service. Also they needed the date when the airport was acquired by the city. Larry did the research and has provided the necessary information to IDEM.

Because the tank was never registered it will be necessary to pay for past registrations. Seeing as IDEM only took over storage tank registration in 2015 we will only have to pay from that time. It is thought that this registration is \$100.00 per year.

NEW BUSINESS

OTHER BUSINESS

There being no further business the meeting was adjourned at 7:25 PM
